Practice Leader Insurance

Amsterdam – fulltime

www.fiser.nl

FISer Consulting is a small niche consulting boutique focusing on regulatory change and complex business transformations within the financial services industry (banking, payments and insurance). As FISer is growing and ambitious to go forward they are recruiting for a Practice Leader Insurance who ambitions the position of Managing Partner in (near) future. The Practice Leader immediately starts and leads a delivery program at one of FISer's insurance clients, will further build on FISer Insurance Practice and has an important role within the future of FISer Consulting in general.

About the role & outlook

Helping clients within the insurance industry to prepare for future as well as regulatory change and complex business transformation programs & projects is what excites you. In this role you will become the Leader of the FISer's Insurance Practice proposition. You start leading a high priority change and transformation program at one of FISer's insurance clients; a complex and deep content driven project. Next to this leading delivery role you further develop the insurance practice proposition: what trends will hit the insurance industry in future and how can FISer support her insurance clients. You actively expand your insurance network and support FISer's insurance clients in different roles and levels in their organizations. Last but certainly not least you support the development and growth of the FISer Consulting brand and organization as a whole on topics like IT & Infrastructure, Finance, HR/Recruitment, Marketing & Sales and Knowledge Management.

FISer Consulting currently has 2 Managing Partners (also Founders) responsible for the Banking and Payment Practice. As FISer Consulting is growing and ambitious to go forward FISer is currently looking for a Practice Leader Insurance who aspires a future role as Managing Partner.

Your profile

- At least 10 years of relevant experience within the insurance industry: Model Development, Finance, Financial and non-Financial Risk Management, Operations and IT

- At least 8 years of relevant experience within the consultancy business working on complex transformation projects through full life cycle from initiation to implementation, managing issues, risks and resolving conflicts on behalf of project sponsors
- A strong network within the Dutch insurance industry and a entrepreneurial mindset
- Passion for digital transformation and up-to-date with latest digital developments
- A good understanding of all developments, on regulatory side, organisational side and IT innovation side within insurance
- Project & Change Management skills or business analytical skills across the full change management lifecycle within agile environments
- Excellent Dutch and English communication skills (written and verbal)

FISer offers

- A financial competitive package based on fixed and variable conditions
- A path to Partner @ FISer Consulting
- Complex, high priority, long term and deep content driven assignments in a dynamic, national & international environment in (small) teams
- Entrepreneurial freedom to work, grow and build a niche consulting firm
- Access to client opportunities
- Training package tailored to your needs
- FISer socials: get together & dinner every two weeks, team trips (skiing, mountainbiking etcetera)

About FISer Consulting

FISer Consulting is founded in 2015 by Dirk Worm en Mischa Wesdorp. Regulatory Change and Business Transformation is their sweet spot and what they like to do most. FISer delivers complex, deep content driven and high priority assignments in teams across the Netherlands as well as internationally. FISer Consulting covers 3 Practices: Banking, Insurance and Payments. FISer's team is small (8 people on a permanent contract and around 10 freelancers) but growing, diverse and international. The content of the assignments, the will to achieve and deliver as well as a common drive to create and further build FISer Consulting is what connects the team. FISer Consulting is 3 times winner of the Gazellen Awards (2019, 2020 2021) that is given to the fastest growing companies in the Netherlands.
