**Are you passionate about the Payments industry? Do the future of the payments landscape, complex transformation programs and new technology excite you? Do you have a consultancy track record and ambition the role of Managing Partner as well as an entrepreneur? Then, this position is for you!**

**FiSer Consulting is a niche-consulting boutique focusing on complex business transformations within the financial services industry (banking, payments and insurance). FiSer is growing and ambitious to go forward therefore they are recruiting a Practice Lead Payments who ambitions the position of Managing Partner in (near) future.**

## **About the role & outlook**

In assuring delivery to our clients, you will be (further) setting up and becoming the FiSer Lead of the FiSer Payments Practice proposition. You will be helping FiSer's clients within the payments industry to prepare for future and support the further development and growth of FiSer Consulting.

- You have a leading delivery role at one of our payment clients
- You support our clients in different roles and levels in their organisation
- You focus on Change Management and Transforming Businesses
- You further develop the practice proposition, i.e. what trends will emerge in the payments sector in the coming period and how can FiSer support its payment clients
- You continue to actively expand your network within the financial services industry, more specifically in the payments industry
- You support the development and growth of the FiSer Consulting brand and organization as a whole on topics like IT & Infrastructure, Finance, HR/Recruitment, Marketing & Sales and Knowledge Management.

FiSer Consulting currently has 2 Managing Partners (also Founders) responsible for the Banking and Payment Practice. The Insurance Practice Lead has recently been hired.

## Your profile

- You have more than 10+ years of relevant experience in payments (e.g. PSD2, ISO20022, SWIFT Operations, International Money Transfer, API, Open Banking, PSPs)
- You have work experience in a consulting firm where you have worked on projects through the full lifecycle from initiation to implementation – managing issues, risks and resolving conflicts on behalf of project sponsors
- You have a strong network at all levels within the Payments industry, in the regulatory aspect, organisational aspect and IT Innovation aspect
- You have a passion for digital transformation (i.e. you stay up-to-date with the latest developments)
- You have a good understanding of all developments, on regulatory side, organisational side and IT innovation side within insurance
- You have Project/Change Management skills or business analytical skills across the full change management lifecycle within agile environments (service and loyalty)
- You have excellent Dutch and English communication skills (written and verbal)
- You are collaborative, delivery-focused, limits-pusher, and problem solver
- You work independently and as part of a team

## FiSer offers

- A financial competitive package based on fixed and variable conditions
- A path to Partner @ FiSer Consulting
- Complex, challenging, high priority, long term and deep content driven assignments in a dynamic and international environment in (small) teams
- Entrepreneurial freedom to work for and grow in niche consulting firm
- Access to client opportunities
- Training package tailored to your needs
- FiSer socials: get together & dinner every two weeks, drinks and team trips
